

OTTAWA, January 7, 2019 – instream, a payment service provider, today announced that Manulife is the latest payor to implement instream DIRECT PAY™.

instream DIRECT PAY™ is the first and only national benefit payment service for dental professionals and carriers. instream DIRECT PAY™ is comprehensive and solves the many problems faced with traditional assigned payments.

“We’re pleased with Manulife’s decision to select instream as their payment service provider,” said Joel Bisson, President and CEO, instream.

“It is very important to instream that we bring value to this ecosystem by reducing costs, reducing inefficiencies and creating value to payors and providers alike. The efficiencies provided by instream DIRECT PAY™ will greatly benefit both Manulife and dental professionals with services which include bulk payments, direct deposit, electronic statements and staff access,” he adds.

About instream

instream is a national, payment service provider dedicated to providing specialized online claims, payment and patient communication solutions that create greater efficiencies between dental professionals, insurance carriers and third-party plan administrators.
